## Year 6 at Calshot

The best moments at Calshot by one of the pupil

The best moment of Calshot was when we went rock climbing. I got to the top of the high wall on 59 seconds! Jumping down kinder failed at the end though, even though I failed it was good fun. Even though it was high I got over by getting to the top of the wall. I felt so successful! It was when I looked down. I was really scared until I made it to the top. At the end of rock climbing we went to play hang man and the my other best moment is bed time!
