

Snow Day Work

1. Practise your spellings in a fun way!

Remember our challenge cards, you can colour the vowels in blue, cut the letters out of newspapers/magazine, write them in bubble writing or in the shape of a pyramid!

2. Read your reading book.

When you have finished, draw and label a picture of something that happened in the book.

3. Look out the window.

Write a description of what you can see and what you could go do! Remember to include adjectives, verbs different conjunctions and different punctuation.

Enjoy the snow!!
